

Dear Hiring Manager,

I am writing to express my interest in the Test Automation Engineer position at Sigma Technology. As a highly motivated individual with a B.Sc. in Information Technology and studying M.Sc in Computer Science Engineering at the BME who wants to experience as a Test Automation Engineer, I am confident that I have the skills and qualifications needed to make a positive contribution to your team.

I have experience working with Python, Java, and Git, as well as experience in Automated Test Environments. My strong written and oral communication skills in English, along with my ability to think critically and understand complex systems, make me well-suited for this role.

I am excited about the opportunity to join a team that is dedicated to supporting one another and helping each other succeed. I am eager to learn, share my ideas, and take ownership of the implementation of functional and non-functional requirements. With my proactive attitude and desire to understand things in depth, I believe that I can make a significant impact on this project.

Working at Sigma Technology appeals to me because of the focus on people and values, as well as the supportive work environment and opportunities for personal and professional growth. I appreciate the commitment to diversity and inclusion and the opportunities for training, workshops, and conferences. The flexible working hours, ergonomic workstations, and excellent coffee and snacks are just a few of the perks that make Sigma Technology an attractive place to work.

I am available for an interview at your convenience and look forward to discussing my qualifications further. Thank you for considering my application.

Sincerely,

Ismayil Ismayilzada
