Dear Sir/Madam,

I am writing to express my interest in the .NET Developer position with your company. As a highly skilled and experienced developer, I am confident in my ability to make a strong contribution to your team and projects.

I have a strong background in C# and .NET, with experience in design patterns, clean code, and clean architecture. I have also worked with GIT and CI/CD pipelines, including Azure DevOps and GitHub Actions. In addition, I have experience with SQL, ORM, database migrations, and various architectural patterns such as CQRS, event sourcing, microservices, and monoliths.

I am a strong communicator and have excellent language skills, with a B2/C1 level of English. I am excited about the opportunity to work on international projects across a range of industries and to continue learning and acquiring new competencies and certificates.

I am also very attracted to the benefits offered by your company, including the top performer bonus, competitive salary, a fully remote position, and the possibility of 20 business days off per year. In addition, I appreciate the professional training programs, including Udemy, and the opportunity to work with a team that has been recognized for its excellence. The benefits package, including health insurance, sports package, and life insurance offerings, is also very appealing to me.

I am confident that my skills and experience make me a strong fit for this role and I would welcome the opportunity to contribute to your team and projects. Thank you for considering my application. I look forward to discussing the position further with you.

Sincerely,

Ismayilzada Ismayil
