HOBBIES AND INTERESTS

Literature

I mostly read cosmic horror (Lovecraftian horror), the terror of the unknowable and incomprehensible. But at the same time, I love starting and finishing a book in one sitting, be it the best of classic literature, or boring textbooks.

Kurzgesagt and Exurb1a

Kurzgesagt focuses on minimalist animated educational content while Exurb1a is mostly about philosophy, spacey stuff, and existential dread.

Music

I love basically every genre of music
